For personal use only.

Game Contents: 40 auditory working memory 4-8 word sentence cards, game board, bonus cards.

Directions:

Print out and laminate one copy of game board (flower pot and cloud) for each player.

Print, cut out, and laminate all cards. Sort by sentence length (4-6 word, 6-8 word) if desired.

Shuffle all sentence cards with bonus cards (lose a turn and extra turn).

Each player picks up a card. The clinician reads the sentence and has the student repeat verbatim.

(Extension: these can be used as auditory closure cards. Repeat the sentence and leave off the last word for the student to fill-in.)

Place the raindrop cards under the cloud. Place the flowers in the pot. The player with the most cards at the end of the activity is the winner.
